ENSMINGER AND THE POPS.

He Makes a Speech Defining His Sympathies.

If anyone has entertained the belief that Police Judge Enslinger is a Democrat it was entirely dissipated last night when he made a strong Populist speech before the meeting of the Populist league.

He charged the Republicans with being responsible for the condition of the country, but said: "I do not wish to be understood to relieve the Democrats from blame for their share in the cause of the deplorable condition of the country. Grover Cleveland, that American emperor, is the only president who has dared to sit upon a throne and command congress to do his bidding. He threatened them with his kingly displeasure if they did not listen to his commands, and the only surprising thing is that congress did as he ordered it."

He read the injunction issued during the recent railroad strike, and scored Attorney General Olney for infringing upon the rights of the people by recommending proceedings against the strikers.

The judge read a story from the Arena about a man at Carthage, Mo., who had a wife and four children who were starving and who was unable to find work. He entered a grocery store and attempted to carry off a sack of flour when he was shot and killed by a policeman.

"And," said he, "the same thing might happen in our own city—nearly the same thing did happen a few days ago when a man tried to carry a sack of flour away from a grocery store. The only difference was that he escaped, but if a policeman had been there he would probably have suffered the same fate. And this is what the Democrats and Republicans have brought us to."

The Minneapolis is fastest of war-ships. Dr. Price's is best of baking powders.

A LIQUOR COMPLAINT.

An Information on Many Counts Soon to be Filed Against Nick Childs.

County Attorney Safford has in his office complaints and informations against Nick Childs for selling liquor, which he will file in a few days. The alleged sales were made during the Republican state convention, in Childs' place in the basement at 704 Kansas avenue. The counts against him in this batch are said to be numerous, and the people who will be subpoenaed in the case are of the kind who will make a gigantic effort to get their names suppressed.

SCATTER THEIR FAVORS.

Shawnee Democrats Endorse One Populist and One Republican.

The Democratic county central committee met last night and endorsed F. A. Kline, the Populist candidate for representative in the Thirty-seventh district, which includes the Fifth ward of the city, Fort and Oakland. This is the district in which B. M. Gardenhire is the Republican candidate.

The committee discussed the advisability of endorsing Col. Geo. W. Veale, the Republican candidate for representative in the city district against Sloan, and the members of the committee expressed themselves in favor of placing Col. Veale's name on the Democratic ticket, but the question was left unsettled. There is little doubt that the committee will endorse Col. Veale and they say they have assurances that he will vote for Senator John Martin for re-election as United States senator.

The Populists have counted on the Democratic endorsement of A. J. Sloan, their candidate and this action of the committee will destroy their last hope of his election.

Thousands of visitors at the World's fair wondered why it was that Ayer's was the only Sarsaparilla on exhibition there. The reason is found in Rule 15, which prevented the admission of patent medicines, secret nostrums, and experimental compounds. Ayer's was the only blood-purifier which answered all the requirements of a strictly scientific preparation.

A Wellington Farmer is Killed by a Vicious Bull.

A Sedgwick County Man is Wounded by Horse-thieves.

OTHER STATE NEWS.

New Regulations for Entering Soldiers Home.

WELLINGTON, Oct. 13.—George Johnson, a farmer living in Seventy-six township, was found dead by his family just on the inside of a pasture in which a bull was kept. The supposition is that Johnson had gone out to finish his chores and had stepped over into the pasture where he kept the bull, when the animal, seeing him inside the fence, ferociously attacked him. He had evidently tried to escape through the fence, as he was found lying almost under the fence.

He had been making a desperate fight for life, as there was a club lying beside his body with which he had fought the bull some fearful blows. But the animal, maddened with rage and pain, had rushed upon him just as he was stooping to go through the fence, striking him a death blow on the side of the head, and from all appearances instantly killing him. He was not mangled and bore no marks of violence except where he had been struck upon the side of the head.

Foster was arrested at Emporia and brought here, where he was placed under a \$1,000 bond to appear at the next term of court to answer the charge of abduction. It is thought the couple are trying to get married in order to have the case dismissed.

A Marvelous Showing.

The U. S. Government, through the Agricultural Department, has been investigating the baking powders for the purpose of informing the public which was the purest, most economical and wholesome.

The published report shows the Royal Baking Powder to be a pure, healthful preparation, absolutely free from alum or any adulterant, and that it is greatly stronger in leavening power than any other baking powder.

Consumers should not let this valuable information, official and unprejudiced, go unheeded.

MASONIC.

The Ohio Masons Generously Treated—Eastern Star Notes.

For a Masonic home the citizens of Springfield, O., generously presented 154 acres in the immediate outskirts of that thriving and prosperous center of industry at a cost to them of over \$20,000. On this beautiful tract will, on the 19th of October, assemble craftsmen to lay the cornerstone of the main or administration building, which will cost when completed and furnished something over \$100,000 and will be able to accommodate about 200 inmates.
